

AT THE HEART OF EDUCATION

## 360° REPORTING

itslearning

# 360° Reporting Provides Answers

- **Student activity** – how engaged are students in the course?
- **Student progress** – which activities and resources are the most valuable?
- **Student grades** – how well do learners understand key objectives?

Click on a tab for a class overview, and a student name for detailed information.

# The benefits of 360° reporting for...

Teacher

- A better overview of student progress
- Insight into which students need what sort of attention
- Deeper ability to engage students on multiple levels

Student

- More personal communication with their teachers
- Better grades
- More engaging classwork

Educational leaders

- Better insight into what is and isn't working
- More information on where to allocate resources
- Better results across schools and districts
