

New Home page and task list

New Home page

Click Less. Teach More.

- Color-coded course cards
- See all your courses in one view (highlights the courses)
- More customization options
- Jump easily from course page to updates to see updated stream and task list
- See impending tasks (click to the tasks bar)
- Supports engagement and teaching

New Task List

- Students see at a glance what needs to be done when
- Activities prioritized by due date
- Concise summary of activities (counters)
 - Overdue
 - Due today
 - Due tomorrow
 - Due later (upcoming tasks)

The screenshot displays a user interface for a learning management system. At the top, there is a navigation bar with 'its' logo, 'Home', 'Courses', 'Groups', and 'Calendar'. On the right, there are notification icons and a user profile for 'Eva'. Below the navigation, there are two buttons: 'Courses' and 'Updates'. The main content area is divided into two columns. The left column, titled 'Recent updates', shows a post by 'Jenny Auster' in 'English literature' from '1 minute ago'. The post text reads: 'Next week the prize-winning author Brian Christensen will visit us. He will read from his novel "The road to Alberta".' Below the text is a photo of a man with a beard. At the bottom of the post is a 'Write comment' input field. Below this post, another update is partially visible: 'Hanne Lorentzen added Write a summary of chapter 12 in Psychology' dated 'torsdag at 10:04'. The right column, titled 'Tasks', shows a summary of task counts: 'Overdue 3', 'Due today 1', and 'Due later 1'. Below this, a task is listed for 'Biology': 'Finish your lab report' with a 'Homework' icon and a 'Deadline: 09:00'. At the bottom of the 'Tasks' panel, there is an 'Events' section with a 'Go to calendar' link and a 'Today' section showing 'Biology' at '09:00'.
